Here's what others are saying about their experience with the IBCA Iowa Select Team

"The IBCA is a great program because of the commitment that the coaches put into making each player better, getting looked at by college coaches, and making a lot of memories to look back on. I really enjoyed my two summers on the IBCA Select and feel privileged to have been a part of such a great opportunity."

"Our daughter has played with other AAU teams in the past, but playing with the IBCA Select Team for the past two years was the best experience she has ever had. The coaching staff was some of the best coaches you could find. They work with the kids to make them better players and give them a chance to play in front of college coaches from all divisions. We would highly recommend the IBCA to any girl wishing to fulfill their dream of playing college ball!"

"Every high school girls basketball player should take advantage of playing with a IBCA Select Team if given the chance. This past summer we had the chance to watch and enjoy some of the best basketball you could imagine. Kelsey absolutely enjoyed every practice, game and pizza party."

"Our daughter Jacqui had a tremendous experience with the IBCA Select team last summer. The coaching was outstanding, both from team and individual perspectives. Their energy, dedication and passion for basketball helped get the most out of every player who aspires to take their game to the next level. The tournaments provided top-level competition and nice exposure to college coaches. As important, Jacqui had a lot of fun and made some great friends. The best endorsement we can give is that Jacqui couldn't wait to play again the next summer!"

"Playing for the IBCA Select Team was one of the greatest experiences of my life. I had the opportunity to play and become friends with the best players in the state of Iowa, and to compete against some of the best competition in the country. I learned many life lessons on and off the court from my coaches and teammates, and made many memories that will last a lifetime."
